

State Wide Representation

- Full-time association headquarters to handle managerial functions and provide answers and referrals on questions relevant to ASC operations.
- Full-time legislative program that includes a Nashville based lobbying team to provide advocacy and leadership in legislative activities.
- Liaison with other state and national ASC organizations to influence Medicare reimbursement and covered procedure regulations.
- Representation of the industry to the State Department of Health negotiating regulatory issues and assuring that the position of the ASC industry is recognized.

Education Programs

- Networking opportunity to meet leading professionals in the industry.
 - Cutting-edge educational opportunities for Nurses, Doctors and ASC staff!
- A typical FASCA of TN meeting may include educational opportunities on the following topics:
- Legislative and Regulatory Issues
 - Ambulatory Surgery Management
 - Technical Training
 - Labor Relations
 - Risk Management

A Source for Vital Information

- Regulatory and Legislative alerts by fax and email updating you on actions of critical importance to the ASC industry as they happen.
- Advocacy on “Best Practices” including critical management factors, accreditation, risk management, center administrative procedures and patient care.
- Association Web site - www.fascatn.org that will keep you up to date on ASC issues and association activities.
- Annual Meeting that offers nurses the opportunity to earn continuing education credits.
